

Squaw Valley Is Chosen As U. S. Olympic Location

Decision Will Be Reached At Committee Meet In Europe

This entire region is naturally buzzing with speculation following an announcement from the United States Olympic committee meeting in New York last week that Squaw Valley, nine miles south of here on Highway 89 has been selected as this country's choice for the site of the 1960 winter games.

Six United States cities were considered with the nod being given Squaw Valley over Reno, Sun Valley, Idaho, Aspen, Col., Lake Placid, N.Y., and Anchorage, Alaska.

The United States committee will be bidding against Innsbruck, Austria, Garmisch-Partenkirchen, Germany and St. Moritz, Switzerland, when the international committee meets in Paris next June.

The Squaw Valley bid was strengthened with assurance from Governor Goodwin Knight and the state legislature that \$1,000,000 would be appropriated from the beaches and parks fund and a commission setup to assist in the games.

Already Truckee groups are making tentative plans for assisting in the program, with a thought advanced that the huge ice rink necessary might be built in this general area where parking facilities and other requirements are easily obtainable. Bob sled runs and ski jumps will have to be built.

Sponsors of the program said that the area surrounding Squaw Valley can easily accommodate 75,000 visitors within a radius of 50 miles.

Detroit earlier had been selected for the United States bid for the 1960 summer games. Only once have the Olympic games been staged in the U. S. that being at Lake Placid in 1932.

While no definite decision can be reached before the June meeting in Paris, plans will continue locally in anticipation for the big affair.

Alex Cushing of Squaw Valley represented the area at the New York committee meeting.

"This recognition alone is a tremendous boost for California winter sports," he said. "It is the greatest tribute we ever have had paid to our fine skiing areas."

"But now we must go for the whole works. We must go to Paris and convince the international delegates. We can do it. I feel sure that California can land the 1960 winter Olympics."

Square Dancers May Learn Here Sundays

Square dancing will be taught by Mr. and Mrs. Gene Thompkins of Kings Beach in Veterans Memorial Hall on Sunday afternoons, starting at 2 p.m., Lloyd Everett announced this week. Those who would like to learn the dances may contact him in Truckee.

Senator Johnson Will Be Committee Chairman

SACRAMENTO (CNS) — State Senator Harold T. Johnson, representing Nevada, Sierra and Placer counties in the upper house of the legislature, has been named chairman of the committee on natural resources this session.

Other committees on which Senator Johnson will serve include: Education, fish and game, labor, and local government.

Seven Inches Of New Snow Falls During Week

The seven inches of new snow which fell here during the week-end added 42 of an inch of precipitation to the season total, the U. S. Forest Service reported. There was 22 inches of snow on the ground today with no immediate prospects for an increase.

Cold weather has predominated and the temperature has never gone above the freezing mark since January 1. The warmest day was Sunday when the temperature reached 30 and a low of five below zero on Friday and Saturday mornings.

Ferdinands Parents Of Baby Daughter In Reno

Mrs. Lorrin Ferdinand and Gavle Ann, the couple's second daughter are home from Reno, where the child was born on New Year's day.

The little girl's weight upon arrival was 8 pounds and 9 ounces.

CLUB MET

Mrs. Lauren Russell entertained members of her card club at her home on Monday evening. The hostess served refreshments following the play.

Sierra Sun

IT SHINES FOR ALL

Truckee Republican

86th Year No. 6 Truckee, Nevada County, California Thursday, January 13, 1955 10c Copy—\$3 a Year Since 1869

Post Office Report Shows Busy Year

The importance of Truckee as a rather large trading center is reflected in a report by Postmaster Elizabeth C. Bavier which shows that gross receipts there during 1954 totaled \$21,010.99. This includes only stamp sales, box rents, metered and non-metered mail and second class postage.

Money orders issued for the year amounted to \$213,218.59, the postmaster reported.

Traffic Declines In This District

Travel into California through Truckee dropped to a low of 17,814 cars, 2849 trucks and 596 buses during the month of December, a decrease of nearly 1000 over the same month in 1953 and nearly 7000 less than for November, the monthly report of the California Department of Agriculture reveals.

The same decrease in vehicles entering the state was reflected in reports from other quarantine stations.

At Meyers on Highway 50, the drop was even more pronounced there being only 2844 cars, 257 trucks and no buses checked there during December, a drop of nearly 2000 cars over November and nearly 1000 less than for December, 1953.

February is expected as usual to be the slowest travel month of the year. During 1954 only 9962 cars were checked through the Truckee quarantine station in February, due to the fact that the highway was closed for nearly two weeks by a rock and earth slide in Nevada. This is about half the normal traffic for that month.

Over the state as a whole December showed a slight increase over November but a marked decrease compared to December 1953.

STATE ANNOUNCES OPENING FOR NEW HIGHWAY OFFICERS

Want to be a California highway patrolman? Can you meet the following requirements? A male between the ages of 21 and 35, in good physical condition, not less than 5 feet, 9 inches or more than 6 feet, 4 inches, an education equivalent to completion of the 12th grade and sincere interest in traffic law enforcement work.

"If your answer to the above is 'yes,' call at the highway patrol office, Truckee Substation in Truckee," says Sgt. Ed Freeman, commander of the local area. "We will be happy to explain the work of the patrol and give you further information pertaining to the requirements and examination scheduled for March 12, 1955."

"The deadline for filing for the written examination will be February 11, 1955. Examinations will be held at various locations throughout the state where the number of candidates warrant and conditions permit."

Pupils Present Program At PTA Session Here

Second and third grade pupils presented the program at the meeting of the Truckee Elementary School Parents and Teachers Association held Monday evening, with the principal, Lynn Kishbaugh, presiding. The children under the direction of their teachers, Mrs. George Tiffie and Mrs. Helen Trask, demonstrated physical education routines and presented a timely skit for the March of Dimes program.

The third grade won the room award for attendance and a radio phonograph combination was presented to the school bought from the proceeds of the carnival held in November.

Founders Day will be fittingly observed at the February 14 meeting at which time the nominating committee including Mesdames Chester Marquis, Ray Hintz, Fosten Wilson will render their report.

Mothers of first grade pupils were refreshment hostesses at the Monday meeting.

Program Ready For Open House At Patrol Office

State Officials Will Greet Visitors At Opening Here Tomorrow

Preparations have been completed for the informal open house ceremonies marking the official dedication of the new building housing the California Highway Patrol and Department of Motor Vehicle offices at the Tahoe-Truckee Wye, one mile west of here tomorrow afternoon starting at 2 o'clock.

Sgt. Ed Freeman and Patrolman T. F. Sheehan, who head the local arrangements committee, said the program will start at 2 p.m. with a visit from the driving classes at the high school. This will be followed by a brief dedication by Director B. R. Caldwell at 4 p.m. and between 5 and 7 p.m., when the open house program ends, a buffet will be served under the direction of Reg Smart.

Throughout the afternoon, the traffic safety education truck will be on hand with its staff of officers and experts to provide demonstrations and hand out literature designed to provide a better understanding of driving problems.

Glenn Freeman, local representative of the Department of Motor Vehicles, will be joined by officials from his department at Sacramento to extend a welcome to visitors. Paul Mason, state director of the department, is extending an invitation to the public to visit the new offices.

TAC SKI TEAM TO COMPETE IN MEET ON JANUARY 16TH

Truckee Athletic Club Ski Team with nine entries will compete in the Far Western Ski Association sanctioned meet to be held at the Donner Ski Ranch on Donner Summit, Sunday, January 16 and sponsored by the Peninsula Ski Club of San Francisco.

The local skiers to take part in the giant slalom are: Bill Campbell, Jack Lambrie, Herb Copeland, Norman Saylor, Octavio Genoni, Jim Wiggins, Noel Cox, Jim Gould, Humbert Clardella.

According to Al Cavello this is the first organized ski team to represent Truckee since the now defunct Truckee Outing Club. Local people, whether or not active skiers, are asked to attend the meet and to cheer the team to victory over stiff competitors.

The next regular meeting of the Truckee Athletic Club will be held on Monday, January 17 in the Truckee Elementary School to convene promptly at 7:30. All members are urged to attend.

History Of Automobile Recited At Meeting

The program of the Rotary Club which met Monday evening in Brown's Restaurant was a talk on the history of the automobile given by Capt. R. B. Langer of the California Highway Patrol for this area.

Program chairman was C. B. Maynard. Captain Langer traced the growth of law enforcement, the communication system and the benefit of the school driving training system.

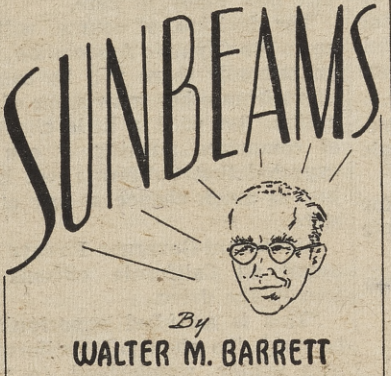

Alvah Hooper presided, and Harold Welch was admitted as a member. Guests included Sgt. Ed Freeman, Officers Martin Sturcke, Roy Stallard, Tom Sheehan and Mr. Apperson.

Panhandler Draws 15 Day Jail Term Here

Otto Henry Konola, 48, Leeds, South Dakota, was sentenced to serve 15 days in jail when he appeared before Judge F. W. Wilson on a charge of being drunk and panhandling. He was arrested Sunday by Deputy Sheriff Roy Waters.

Food Sale—

A sale of home cooked foods will be held in Duane Freeman's Donut Shop on Friday, January 14 by the ladies of the Methodist Church.

By WALTER M. BARRETT

The open house program marking the dedication of the new California Highway Patrol and Department of Motor Vehicles offices tomorrow climax months and even years of effort on the part of the patrol and other local groups to obtain new quarters. The results achieved show that the end justified the means. The new building, new equipment, featuring latest communication facilities for law enforcement as well as convenience for the public and patrol personnel, is a real credit to the community it serves, and we join in extending best wishes to the local squad and headquarters for doing a good job. The open house is offered as a token of thanks for the cooperation given and everyone is invited to be the guest of the patrol tomorrow between 2 and 7 p.m.

Once more the March of Dimes is on its way and it seems futile to point out the urgency associated with the campaign this year. Efforts to stamp out the crippling infantile paralysis, are continuing at an accelerated rate, but the goal is still in the future. In the meantime, hundreds of children are undergoing treatment and scientists are battling constantly to find a cure for the disease. Both treatment and scientific efforts are dependent upon the contributions made to this worthy cause and we urge you sincerely to do something to assist. You may not be able to give much but regardless of the size of your contribution, give what you can and rest assured that you have done your best. You may never be personally thanked but you will always enjoy the satisfaction that you did help when help was needed.

UCLA WINS MEET AT SUGAR BOWL

SUGAR BOWL—The University of California at Los Angeles nosed out of Modesto Junior College to take first place in the third annual Northern California Intercollegiate invitational meet here Saturday and Sunday. Third place went to Sierra College.

Top individual honors went to Tom Walker for Modesto in the downhill; Fritz Earls, UCLA, slalom and jumping and Gardner Smith of University of Nevada cross-country.

The snow depth at the Sugar Bowl this weekend is 62 inches, with 15 inches of new powder on the firm base.

Matinee Is Proposed By Donner Theater

A Tuesday matinee featuring the showing of Julius Caesar, a technical, cinema-scope spectacle is planned by Manager Jack Neugebauer of the Donner Theater for February 1. The schools are co-operating in the plan which is being tried for the first time in the local showhouse.

TYPING CLASSES TO BE STARTED HERE

Beginners and advanced typing classes will be held in the Tahoe-Truckee High School each Monday and Thursday evenings at 7:30 p.m. starting this evening, according to Mrs. D. Schuler. Miss Margaret Muir will be the instructor for the course in adult education.

From Desert Valley—Mr. and Mrs. Roy Thompson of Soda Springs were home after spending several weeks in San Diego and Desert Valley. On their return they found that the snow was no deeper than when they left the mountains.

Has Visitors—Mrs. Henry Beck had as recent visitors Mr. and Mrs. Wayne Wakefield of Grass Valley and Mrs. Esther Palmateer of Los Altos.

Wolverines Lose Three Out of Four Weekend Games

20-30, Donners, American Legion Win Games In City League

The Tahoe Truckee High School basketball squads dropped three of their four games over the weekend in non-conference tilts with Nevada schools. The Varsity suffered a 53 to 30 loss at the hands of Smith Valley Friday night, and dropped to the Reno Ramblers Saturday evening by 58 to 31.

The Junior Varsity Cubs salvaged a part of the weekend series, however, as they defeated the Smith Juniors, 24 to 12. Saturday night they could not overcome the big men of the Reno J.V. team and lost, 49 to 35.

The Wolverines could never get started against the hard driving Bulldogs from Smith and trailed throughout the game by quarter scores of 16 to 4, 34 to 8 and 45 to 15. High man for the Wolverines was Clayton Spinning with 9 points, far behind Smith Valley's leader, Chub Quillici, who had 27 for the evening.

Saturday night the Tahoe Truckee Varsity showed tremendous improvement in hustle and ball handling against a very good Reno club. The Ramblers, led by their 6-foot, 5-inch center Murphy, led all the way after an extremely slow starting game. Quarter scores were 9 to 4, 24 to 7 and 42 to 23. Spinning and Wilson led the Wolverine scorers with 10 points each. Murphy was high for the winners with 14 points.

The Junior Varsity squad of Tahoe Truckee played good ball both evenings, but once again the big men of Reno turned the tide in favor of the visitors. High scorer Friday night was Floyd Cooper of the Cubs with eight counters, while Ken Vaughan led the locals Saturday night with 10 points, followed by Cooper with nine.

Saturday night, January 15, the Wolverines open their conference play at home against the Manogue Miners. The Junior Varsity teams will meet at 7 p.m. with the Varsity scheduled to go at 8:15 p.m. A large crowd of local fans is expected for this first Western Nevada Conference game of the 1955 season.

The game scheduled for Friday January 14, at Downieville, has been cancelled because of conflict in schedules.

Play will resume tonight in the Truckee City Basketball League, with two games scheduled at the Tahoe-Truckee High School gym. The 7 o'clock opener in the second week of play will match the Tel-Cos against the American Legion, and the Donner Club taking on the Lions Club in the nightcap.

Monday, the St. Louis Cafe will meet the American Legion in the first game, followed by a match between the 20-30 Club and the

Pythian Sisters Have Toy Project Planned

One of the projects for this year for Summit Temple No. 79, Pythian Sisters, will be collecting dolls, even those needing repairs, along with good attractive pieces of lace and other materials for their clothing.

These will be sent to a woman who is crippled and spends her time renewing and making clothes for the dolls; later re-distributing to children unable to buy a toy. Anyone wishing to contribute to the worthy project may contact Mrs. Edith Welch at Donner Trails Lumber Company.

Youth Fellowship To Start Series Of Meetings

The Methodist Youth Fellowship is starting a series of meetings on the general idea of "Understanding Ourselves." Meetings start at 6:30 Sunday night. Plans are soon to be underway for an MYF party either late this month or early in February.

In Hospital—Mrs. J. R. Wolert is a patient at the Tahoe Forest Hospital where she will undergo surgery.

Van Sickle Wins Alaska Dog Race

Lloyd Van Sickle and his Truckee Huskies won the first race of the season at Fairbanks, Alaska, according to a telegram received from there this week.

Mr. and Mrs. Van Sickle and their children are spending this winter in Alaska and Van is giving his team a good workout.

There were 19 teams entered in the recent race which the Truckee man won.

Appeal Made For Dimes March Here

The March of Dimes current drive for badly needed funds is sadly lagging, according to Roy Waters, chairman for this district. He asks for all out financial support for the vital services as Nevada County alone is now \$60,000 in debt for past treatments given to those who needed the benefit of the research work which has been accomplished only by the voluntary contributions.

BAYSINGER LEAVES AS PLAN FOR MILL STILL UNDECIDED

Low Baysinger, superintendent at Stockton Box here, is leaving this week for San Francisco where he will be head of the purchasing department of the American Forest Products Corporation of which Stockton Box Company is a subsidiary.

Mrs. Baysinger and their children will leave in the near future to make their home in the bay area. The Baysinger home in Gateway Park has been purchased by Mr. and Mrs. E. K. Stice who will move in as soon as the Baysingers leave.

In the meantime, Baysinger said, negotiations between George Kasplan, owner of the mill here, and officials of the Stockton Box are continuing relative to the operation of the mill this year. W. H. Williams, assistant to the president of Stockton Box, was here this week discussing details.

Kasplan has made it clear that regardless of the decision reached by the present lessors of the mill, that the industry will operate during the coming summer. "Until Stockton Box has decided their future plans, however, no further announcement can be made."

A. L. Ellis, yard superintendent, will be in charge of the mill here with Baysinger's departure and activities currently will be confined to drying and shipping operation.

The Baysingers have been active in community affairs and will be missed by their many friends. All will join however, in wishing them success in their new location.

LOW TEMPERATURE IN TAHOE DISTRICT

TAHOE CITY—Low temperature at night with sunshiny days has predominated in the weather picture at Tahoe City during the past week, with six inches of snow Monday breaking the dry week.

The temperature dropped to a low of 6 last Saturday and reached its high the same day with 39. Five gates are open and the lake level Monday stood at 6226.27 feet.

Come As You Are Will Feature Local Dance

The "Come as You Are" theme will predominate in the dance to be given in Capitol Hall on February 12 by the Truckee Athletic Club. A nominal amount will be charged for couples and single persons. Several features are being offered by the group to make it a lively, enjoyable affair.

ATTEND MEET

Charles Osburn, president of the Truckee Outdoor Sportsmen, accompanied by Geno Giovannoni, Pat Harrison, and Game Warden Irv Single Saturday attended a meeting of sportsmen at Quincy for a general discussion of proposed improvements.

Infant Expires As Floriston Home Is Destroyed By Fire

Father Sought As Tragedy Strikes; Local Aid Proves Futile

Deborah Lynn Hinds, 19-month-old daughter of Mr. and Mrs. Irving John Hinds of Floriston suffocated to death in a fire which destroyed the family home at Floriston yesterday morning at 11 o'clock.

Fire Chief N. F. Dolley of Truckee who with other members of the Truckee Fire Department went to the scene to give assistance, said the mother, Mrs. Beatrice Hinds, had left the home for only a few minutes while she went to a neighbor's to seek aid in thawing out frozen water pipes.

She returned to find the house in flames. A locked back door and a step ladder too short to reach a rear window prevented Mrs. Hinds from entering. Bud Miller and Leonard Berger, neighbors, ran to aid her and Miller brought the baby out of the blazing house.

Deborah was taken to the Tahoe Forest Hospital where efforts to revive her failed, she being pronounced dead on arrival.

In the meantime, the house and all its contents were completely destroyed, leaving the family without even personal effects. Other children in the family, step-brothers and sisters of the deceased, were attending school in Truckee at the time of the fire.

The father has been listed as missing since December 5, Dolley said. At that time he left Floriston and has not since been heard from. An all-points teletype message has been sent out in hopes of notifying him of the tragedy.

Dolley, who is also a deputy state fire marshal, said he would make an investigation of the fire which he believes may have started in the basement.

The body of the baby was taken to the Truckee Colonial Mortuary where funeral arrangements are being made.

Those accompanying Dolley to the scene included Forest Service officials Nelson Stone and Henry Toccalini and Firemen Tony Pace, and William Curran.

The other four children in the family include Juanita Spoon, 17, Judith Spoon, 15, Richard, 13 and Mike Spoon, 11.

The entire community was saddened and shocked at the tragic misfortune and extends sympathy to the bereaved family.

MARCH OF DIMES BENEFIT PLANNED

Crandall Brothers of Hill Top Lodge in Truckee, announced this week that they will give a dance in their lodge on Saturday, January 22, to begin at 9 p.m., proceeds from the paid admissions to go to the current March of Dimes fund drive.

Ed Crandall said that modern music has been obtained for the occasion and a good time is promised.

O'CONNOR NAMED COUNTY OFFICIAL

At a meeting of the Nevada County Board of Supervisors held yesterday, J. F. O'Connor was appointed to succeed William Carey as county surveyor. Carey, who defeated O'Connor at the election last year, recently resigned. The vote for O'Connor was three to two with Jay Caughlan, Guy Robinson and Henry Loehr voting in favor and Curtis Clark and John Frank casting negative votes.

The board voted to employ an architect to draw plans for a new detention home. A sum of \$48,000 has been budgeted and of this the state is expected to finance \$17,000.

Dr. L. D. Nelson was appointed as assistant county health officer, effective February 1, for the eastern end of the county.

A loading chute for the sno-go located in Truckee was ordered at the request of Loehr and will be installed in about six weeks.

Eastern Star Sojourners Will Conduct Program

The Sojourners of Truckee Chapter No. 116, Order of Eastern Star, will be in charge of the program for the chapter's stated meeting on January 18, with Mrs. Gertrude Benjamin as chairman. Games will be played and all members are urged to attend and enjoy the fun.

Mrs. Charles Heller will be in charge of refreshments. Mrs. Hilda Hintz, worthy matron and Dan Anderson, worthy patron, will preside during the business session.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO (CNS) — The growth of winter sports in California during the past several years has been almost phenomenal, and in view of this trend toward making California a world-famous winter playground, it is appropriate that the California legislature should take note of the effort under way to bring the 1960 winter Olympic games to this state.

Senator Harold T. Johnson of Placer County, has set the ball rolling through an announcement that he will introduce legislation seeking state support of a million dollars toward the financing of this event.

Similar support has come from Lieut. Gov. Harold J. Powers, who says the legislation should be one of the first orders of business at the 1955 session.

Gov. Goodwin J. Knight has also

lent his support to the event, and will urge the Olympic Association to select California as the site of the 1960 games. In addition, and this is important to the legislative procedure, the governor has announced that he will approve legislation on the subject.

The site being discussed for the 1960 games is Squaw Valley, which is tucked in the Sierra a few miles west of the road between Truckee and Lake Tahoe. With one of the longest ski lifts in the world, and thousands of acres of snow in the winter, the place is particularly applicable to winter sports.

Alex Cushing, who operates Squaw Valley, has worked out a method of handling the huge crowds that would attend a world-wide event of this kind. Rail transportation to the area is assured, shuttle service between the Tahoe Valley area and Squaw Valley could be arranged, and plane entry is assured.

The Tahoe area can accommodate literally thousands of people during the season.

There is plenty of precedent for state support of the Olympic

games. It was back in 1927 when the state voted a bond issue to finance the regular games for Los Angeles, and sufficient returns were obtained to handle repayment of the bonds.

It is not anticipated it would be necessary to vote another bond issue for the winter games, but that the financing can be taken care of out of the state treasury on some sort of a loan basis. The legislative counsel is working up legislation for Senator Johnson to accomplish this purpose.

The program, though must be one of state-wide interest, and not of Placer County and other Sierra areas. Virtually all sections of the state would benefit financially from the influx of visitors the games would bring, nobody knows just how many to date.

The decision, of course, will be up to the Olympic Association, and undoubtedly there will be competition from other snow areas of the nation. But with a little chamber of commerce pushing, it can be expected that California will have just as much chance as any other state.

Lieutenant-Governor Powers has urged all California citizens to join in the drive.

"This is an ideal opportunity," he said, "to show off California's own winter wonderland to the whole world."

MOTORISTS URGED TO WINTERIZE CARS FOR WEATHER AHEAD

"Winterize your driving if you want to stay out of accident trouble." This advice was issued today by B. R. Caldwell, commissioner of the California Highway Patrol, in a warning to drivers who fail to adjust their traffic habits to combat winter's tricks.

"Frosted windshields and slippery roadways are two conditions calling for special action by motorists," declared Caldwell. "Clean the windshield and all car windows thoroughly before driving, keep the speed down in adverse weather and allow extra stopping distances on slippery roads."

"Obscurement of the driver's vision was noted in one out of every ten fatal traffic accidents last year," said the commissioner. "Nearly half of these obstructions were on the vehicle itself such as rain, snow or frost on the windshield."

"To winterize your driving make sure you obey all the traffic rules being extra considerate of the hazards caused by winter weather. A clear windshield and less speed are safety habits necessary at this time of year."

Emergency Vehicles

SACRAMENTO (CNS)—An amendment to the vehicle code, making the vehicle of a fire chief on a military or naval establishment an emergency vehicle, is before the state senate, having been introduced by State Senator Luther E. Gibson, Vallejo.

BUSINESS GROWTH IS REFLECTED IN FINANCIAL REPORT

Each January business concerns in all parts of the United States receive from Dun & Bradstreet requests for their annual financial statements. This year the number of requests going out nationwide will exceed three million, with over 100 going to Nevada County businessmen.

The growth and the industrial development of this county is reflected in statistics just released by the credit reporting firm. R. F. Cathcart, district manager at San Francisco which covers this area, says that this year there will be more requests for financial statements made by business concerns in this area than ever before.

The current issue of the Dun & Bradstreet Reference Book contains listings of 419 business concerns comprising manufacturers, wholesalers and retailers in this county. It does not include some of the service and "professional" businesses, such as barber and beauty shops, real estate and stock brokers. Thus the figure for all businesses actually would be substantially higher than the 419 quoted above. In 1945 the number of listed names totaled only 314—an indicated increase for this year of 33 per cent.

The number of business enterprises listed in the current issue of the Dun & Bradstreet Reference Book for this county, compared to 1945, clearly outlines the substantial business development.

Some of the major increases are noted in the following communities:

Listings in November 1945: Grass Valley, 197; listings in November 1954, 224 percentage change 11 per cent.

Listings in November 1954: Nevada City, 65; listings in November

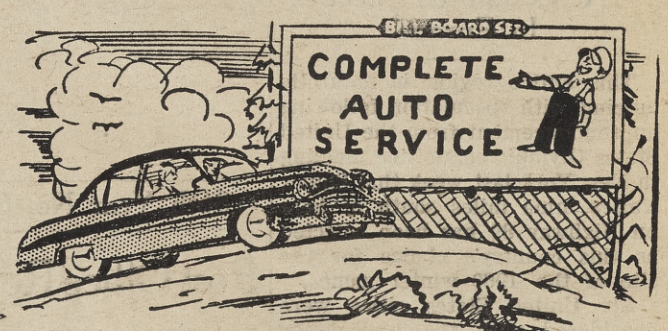

1954, 104; percentage change, 60 per cent.
Listings in November 1954, Truckee, 40; listings in November 1954, 66; percentage change, 65 percent.

The San Francisco Museum of Art is located in the Veterans' War Memorial Building in the Civic Center.

Large sugar pine logs have an average height of eight to ten pounds to the board foot.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Friday, January 7, bright and clear, temperature zero right on the dot, roads around this area all clear and dry. We are certainly favored this year by state highway department which just came along Highway 89 from Tahoe City to Truckee and the slick road covered with sand. This is a whole lot more effective than telling

drivers to be careful. This is a practical and sure way to help the unwary traveler keep out of serious trouble. Even Dollar Hill is sanded, that's great.

Saw Bill Stelzreid last week just back from overseas. Boy, or boy, what these boys don't know about the world is hardly worth knowing, but we notice that no matter where they go, its the same old remark upon questioning there's no place like home, and its sure glad we are to see them. Many at the tender age of around 20 have

already done their part for Uncle Same. Imagine too, Bill Miedema, one of our Kings Beachites, has done two years in the navy and is already out just like an old veteran, at the moment is in Pasadena and is eyeing Tahoe to bring his wife and wee bairn. Be looking for you, Bill.

Mrs. Malla had quite a time with her legs during the past week or so, but glad to know that she has improved. Her son, Ned, has just arrived back from a trip to Palo Alto and San Francisco, smoggy and nasty, reports Ned.

Well, well congratulations are certainly coming to our old friends and neighbors, Wilma Lucas informs us that none other than Mr. and Mrs. E. J. Stokes of Kings Beach, celebrated their fortieth wedding anniversary last week. The affair took place at the El Rancho in Sacramento. Besides Wilma and Tom Lucas, the two daughters of the happy couple, Peg Soles and Joanne Brown to make the occasion a memorable one, and not only that, but all of the Stokes' friends wish to offer their congratulations for many more happy years.

Very, very nappy to see Washoe Deputy Sheriff McCarty back on the job after a long spell in a Reno hospital. Mac has been deputy sheriff at Crystal Bay for a couple of years and before that was well known as a summer deputy. He says it is easier to get into the hospital than to get out, but the stay was well worth while as he feels so much better. Ray Plunkett filled in for him while he was off.

Sure hope my very dear friend,

Charlie Heller, is just about perfect again, after his sojourn in the hospital in Truckee. You can't do those things to us Charlie, so look after yourself from now on.

Just had a call from a very proud grandfather in Truckee, and that grandpa, is Arnold Miedema. Tells us that his beautiful daughter, Beverley, had a beautiful baby boy today, January 8, in the Physicians and Surgeons Hospital in Glendale, and of all the cute names—Scott Arnold and weighing 9 pounds. So that's two boys, Randy, 17 months, and now Scott. We just can't wait till we see him. Oh, yes, their real names are Randy and Scott Williams, sons of Wyman and Beverley Williams, who make their home on the golf course in Kings Beach in summer and presently living in Pasadena.

It was just like old times to have our friend, Eugene Ridsen, take over the service at the Community Methodist Church last Sunday. A year or so ago Eugene was over here every other Sunday, that was before we were able to have a regular minister, we were very glad to see him.

Now I hear that the Mac Burroughs have left for Merced just for a brief spell.

The members of the V.F.W. met last Sunday at Crystal Bay, mostly for the purpose of installing officers for the ensuing year. I am told the membership is growing these days and they are looking forward to a big year. One of the most unique things was the collection for the March of Dimes. The place was literally filled with dimes. Ray Plunkett was installed commander; Bob Moore, senior; Billy Powell, junior; Dr. Hageman, adjutant; Bill Dugan, quartermaster; Otis Wing, chaplain; Gene Antonson, trustee. It is said that over \$60 lined the counter, which will be left till full.

Mrs. Mary Abbott tells me that the speaker next Sunday at church will be none other than our attorney, David K. Gilmore. His subject will be "As the Layman Sees It." This should prove very interesting and a large congregation is hoped for. Last Sunday Joy Plunkett sang.

Alice Sorensen tells us that Andy is in the Washoe Hospital in Reno undergoing an operation on his eye. Of course it will take a day or two to know just the result of this delicate operation, but we, all of his friends, hope it will be a hundred per cent successful, and that his sight will be restored to normal. Alice thinks he will probably be home by the end of this week.

To our out-of-towners. Over the weekend at this area we had about six inches of snow, but is clearing

Tahoe-Truckee School District News

KINGS BEACH

Second and Third Grades: Monday we wrote letters to our parents thanking them for the presents they gave us for Christmas Tuesday, Pat Ducas, a former third grade boy, visited our classroom from San Leandro. David Miller from San Rafael is a new second grade pupil. Friday we wrote thank you letters to Gene Faulkner for the large Christmas stocking he gave us. Brad Thompson brought his new sled to school and the children have been taking turns riding it.

Fourth, Fifth and Sixth Grades: Bud Robertson, fifth grader, entered our class from Walnut Creek. The Robertsons moved here during Christmas vacation. Our class has been interested in the ski program which began this week. We started studying about Mexico this week. Denis Ludlow's recent trip to Mexico is proving quite useful in our work.

Mrs. Julia Gonsalves, county supervisor of education, visited our school this week.

First Grade: Many of us brought our toys to school. Steve Felte told us about his recent airplane trip to Seattle to see his grandmother during the vacation. Everyone made charts on how to keep clean and Pam Powell's picture received the most votes.

TRUCKEE ELEMENTARY

Kindergarten: At sharing time this week we have been working on telling original stories. Some of the participants and their original stories were: Janice Baysinger, Karen Frates, and Susanne Olano.

First Grade (Mrs. Bissett): Our first grade has been learning to sound out new words by substituting initial consonants. Mrs. Butterfield read us a story about the anerv-cat sound that "f" makes.

First Grade (Mrs. Croxen): Preparation for spelling in the first grade consists of learning the names of the alphabet letters and learning the sounds these letters make.

Second Grade: We have just received new spelling books. We finished our first spelling book and had a test. Those having correct papers were Caroline Urbina, Karen Whittenberg, Eddie King, Gary Sturcke, Norine Wunsch, Judy McGinn and Salvador Cabrera. We are sorry that Karen Whittenberg is moving away.

Third Grade: The spelling groups have done a general review in their work—emphasizing blends of sounds. Those missing no words last Friday were Daryl Breakfield, Sherrian Donnis, Liane Kay, Jean Wakefield, Robbie Kaspian, Sue Givner, Evelyn Hintz, Betty Baysinger, Diane Cardinal, Kary

this Monday morning.

Revett Wallace, son of Mrs. Frances Wallace of Brockway, had the misfortune to break one leg while skiing at Squaw Valley last Sunday afternoon. Revett has been visiting his mother with his wife, Katherine, and friends, Mr. and Mrs. George Wolff of Stockton. He was taken to the Tahoe Forest Hospital where he was treated by Dr. Sklar and later taken to his home at Palo Alto.

Kielhofer and Bonnie Fair.

Fourth Grade: In our basic lists we use words that follow the same rules that we learn in reading. We are learning about syllables. Janice Eaton, Pamela Rose, David Panhoke, Gene McGinn, Joe Parkhurst, Kathy Curran, Janice Roth and Michael Kenyon have worked hard at learning their weekly spelling list. Fred Steele, Mary Ann Miller and Diane Kaspian are steadily improving.

Sixth Grade: This week's winners of our oral spelling contests were Ronnie Borden and Barbara Ramsey. In the play-off between the two winners Ronnie was the final victor. Ruth Parkhurst and Nicky Stone received 100 per cent on their weekly spelling test. The January class officers recently elected are Doug Single, president;

Nicky Stone, vice president; Bill Notley, secretary; and Drew Weyman, treasurer.

DONNER TRAIL ELEMENTARY
This week two new boys came to our school from Santa Cruz. They are Jay Graham and his brother, Jack. We hope they will like the change from the seashore to the mountains.

Jimmy Schull is bringing his electric saw to school so we can cut out our new map. We are making a modern design three dimensional map of our American neighbors. We are now studying Mexico, and we have two boys, Ray Rubalacava and Alex Marin, who help us with the Spanish words that we mispronounce.

The M. H. deYoung Museum is San Francisco's largest museum.

ELECTRIC

- WASHERS
- DRYERS
- IRONERS

In a recent survey conducted by a large Electric Power Company over 73 per cent of the women stated they had bought their new Electric Dryers and Ironers because of the time and labor they saved.

The owners of an Electric Washing Machine stated their most important reason for wanting a new washing machine was the work and labor saved.

YOU also can save time and labor with an Automatic Washer and Dryer and a modern Electric Ironer.

Telephone man gets 20-year service pin from air line. Since 1931, Pacific Telephone Switchboard Installer Jim Bailey, left, has worked on most every telephone job at United Air Lines' San Francisco office. The people there say they've become so used to Jim's good work and quick smile that they think of him as one of their group. As a result, they recently awarded him one of their 20-year employees' service pins. We believe Jim's pretty typical of all telephone installers. For your "Telephone Man" works to do the best possible job, to bring you the good low-cost service you like . . . and does it with a smile. Pacific Telephone works to make your telephone a bigger value every day.

TAHOE TOPICS

by JEANNETTE MITCHELL

Mrs. Joann Ruhkalah of Lake Forest was feted in honor of her birthday with a real "party-time" birthday party, hosted by Mrs. Irene Grahn. Those attending were Mrs. Martha Snyder, Mrs. Irene Le Pire, Wilma Korich, June Mandeville and June Grinstead. Many happy returns, Joann.

The Lake Tahoe Women's Club met for a luncheon meeting held January 6 at the new Skokum Chuck cafe in Tahoe City where the 29 ladies present enjoyed a tasty repast. Mrs. Betty Ball replacing, temporarily, Florence Vernon, who we hear is contemplating going back into the army, read the minutes of the previous meeting. The new planned party, their French Review, will be held some time in April and by all reports will be a program no one will want to miss. President Alma Guth reported taking over two large cartons to the Reno Veterans that were jam packed with good home-made cookies and candies and gift wrapped so that the boys' tree was truly a real homelike

Christmas tree with all the gayly covered packages under the green boughs.

Mrs. Evelyn Bliss sent a lovely thank you card for the birthday card the club sent to her. She expressed her happiness at hearing from the lake. Mrs. Vera Frazier sent a card of thanks for the lovely floral piece sent for her mother's funeral. Another letter from the family in Greece was read. This is the family, a war widow with four children to raise, that the Tahoe Women's Club has adopted as part of their International Relations Program. Several new members were welcomed into the group, Mrs. Don Reick, Mrs. Bill Williams, Mrs. Elizabeth Streeter and Mrs. Theresa Sutton of Kings Beach, accompanied by Mrs. Evelyn Brown, a guest from the south. A hearty welcome to these ladies, may they enjoy the functions of the Tahoe Women's Club to the fullest.

Hear Mrs. Ruth Mayfield is back home again, nothing serious just a check up for which we are all glad. Next Thursday, January 13, the ladies are all going to Granlibakken for a zitz party which will start at 11 a.m. lunch on the premises. Everyone, members and

non-members are invited to join this funfest. The ladies have agreed to get together the rest of the winter for more social doings where everyone becomes acquainted just having fun. The next meeting will be the first Thursday in February—February 3, with Laura Wilson, Pauline Sheehan Irene Le Pire on the social committee. President Alma Guth announced the reorganization of the State Federation which makes some difference in the statewide and county organization but is hoped to work for better relations. In closing the meeting the ladies all heard the "Prescription for Good Living," written by Mrs. Gladys Anderson's mother.

On January 7 at a luncheon meeting held at George's Gateway, the board of directors of the Lake Tahoe Sierra Chamber of Commerce met for their regular monthly meeting. It was very well attended with eight directors present, seven guests. President Norman Cello and Secretary Jeannette Mitchell. It was most gratifying to see that the businessmen of the entire Lake Tahoe area are taking hold and rolling back their sleeves to make the organization one of progressive thinking. Some serious discussion was followed in regards to the formation of another lake area chamber of commerce and it was generally felt that no opposition would be given to the new South Lake Organization though that organization to date has met with some opposition from the State Corporation Commission and asked not to have a "similar" name for their protection and the Parent Chamber of Commerce—the Lake Tahoe-Sierra Chamber of Commerce Organization which is now in its fourth year after combining the Lake Tahoe Sierra Association and the Lake Tahoe Chamber of Commerce. Some of the most influential men and women four years ago saw the improbabilities and impracticabilities of having two organizations upon the shores of Lake Tahoe and thereby formed one, the Lake Tahoe Sierra Chamber of Commerce. It only needs personal representation from these areas at the board meetings where their problems can be aired and solved. The present Lake Tahoe Chamber of Commerce has signed a resolution to aid the Truckee Shortcut, the Highway 80 South joining in with this resolution; your Lake Tahoe Sierra Chamber of Commerce has given all pertinent materials possible to help get the Olympics here in 1960.

The membership committee is starting the ball rolling and for many weeks to come, new and old members will be receiving statements for dues due in January,

LETTERS TO THE EDITOR

LETTERS—

To the Editor:

The officers of the North Tahoe Fire Control have started a

following the year in which they first joined and delinquent the first of September of that year. It is the Lake Tahoe Sierra Chamber of Commerce's hope that every business, resort and property owners will realize that to function properly it must have a budget to work by to extend its advertising campaign to all corners of the potential public. All financial obligations are being paid in full and the organization will still have a \$500 budget to start the ball rolling for 1955.

Study is now in progress of the legislation for the opposition of the state levied wharf and pier tax; opposition to the washoe Project that would ultimately take the waters from your Lake Tahoe.

The next regular meeting of the chamber will be held on the 11th day of February. Place tentatively suggested as the Sierra Lodge Crystal Bay. Fred Schultz of Kings Beach is to verify this place for that date. The public is cordially invited to attend.

TAHOE SKI NEWS

By Jeannette Mitchell

There will be some good ski functions taking place. Don't forget Friday night, January 21 at 6 p.m. there will be a weiner roast at Granlibakken, also night skiing free to all persons holding a Squaw Valley-Lake Tahoe membership Ski Club card; however, persons wishing to join the club on the spot may do so that night and get in on the free weiner roast and a pack of fun.

Saturday night—the twelfth of February will be the date for the annual hatchet hop, so every one is advised to hold that date open—one of the big events of the

scrapbook on the activities and progress of the department. We now have a fair collection of the events of the past two and one-half years, but feel it can be improved upon. We are therefore asking any person who may have any photographs or paper clippings about our department if they would kindly part with them so we could add them to our record. We feel the least we can do, for the fine men who volunteer their services to protect us all, is to put these services on file for all to see and remember. Please send any photos and clippings to P.O. Box 345, Kings Beach or give them to any member of the North Tahoe Fire Control.

Thank you,
MAX J. KRUEGER, Chief

JAIL FOR DRUNKS

SACRAMENTO (CNS)—A ten-day jail sentence for persons convicted of drunk driving would be mandatory under a bill introduced in the assembly by Samuel R. Geddes, Napa.

January 29. Child has to provide his own transportation. Parent must sign a release to the club.

Bill Would Permit Board To Publish Tax List In Various Newspapers

SACRAMENTO (CNS)—A measure providing that counties may publish delinquent tax lists in more than one newspaper, as is required under present law, will be introduced soon by Assemblyman Charles Chapel, of Inglewood, it was reported here today.

A similar measure passed the assembly in 1953, but died in a senate committee.

Under the proposal, counties would be given the power to select more than one newspaper for publication of the lists.

Fair Trade Price Is Effective For Sales

SACRAMENTO (CNS) State Attorney General Edmund G. Brown has held that a merchant who buys goods from a store going out of business must charge fair trade prices when he retails the merchandise.

Brown said the merchant is not bound to the retail price stipulated by the manufacturer under the fair trade act if he had no knowledge of the stipulation made with other retailers. Neither is he bound by the fair trade price if the merchandise was damaged or defective, provided he gives public notice of such damage or defect.

New Liquor Enforcement Bills Are Introduced

SACRAMENTO (CNS)—Assemblyman Caspar W. Weinberger of San Francisco introduced two bills in the assembly Tuesday relating to liquor law enforcement.

One of the bills, AB 14, sets up a 15-man alcoholic beverage control advisory commission as called

Lawmakers Want To Know About Highways

SACRAMENTO (CNS)—A resolution by Senator Luther E. Gibson, Vallejo, directing the state division of highways to make plans for new highway routes known to senators and assemblymen before or at the same time these plans are divulged to the public, was introduced in the state senate.

The resolution is an attempt to permit state legislators to have the information so they will be able to answer questions from their constituents when queried concerning plans of the state division.

COUNTY RECEIVES HIGHWAY USE TAX

SACRAMENTO (CNS)—Nevada County received \$20,507 of the \$22,613,000 in highway users taxes distributed for November, State Controller Robert C. Kirkwood announced today.

Of the November highway revenue, Kirkwood reported, \$5,368,071 went to counties, \$2,088,756 to cities, and \$15,156,637 to the state highway construction fund.

The sum available for apportionment was \$778,000 under the previous month.

for in Governor Knight's inaugural address.

The other bill, AB 26, would prohibit transfer of new liquor licenses issued by the state. It would also limit transfer of existing licenses to a period of 10 years after enactment of the measure.

The advisory commission would be a pulse-taking organization which would keep the governor and the state liquor control director advised on necessary enforcement in the sale of liquor and liquor licenses.

Freedom Of Information Bills Are Introduced

SACRAMENTO (CNS)—The California legislature will consider at least two freedom of information bills during the current session.

Assemblyman Frank Luckel of San Diego has introduced a measure, AB 27, which would make it a misdemeanor for any public official, state or local, to refuse a request of a citizen to inspect any public record.

Luckel's bill also declares that any citizen of the state has a right to see such records unless the records have been declared confidential by law, which would ban secret meetings of any state agency, including legislative committees. But the bill would allow executive sessions of such agencies when they deal with hiring and firing of personnel, or the purchase of real estate.

A similar measure, by Assemblyman Ralph M. Brown of Modesto, died in the legislature two years ago.

The Luckel bill would prescribe a fine not to exceed \$500 for its violation by a public official.

Japan's petroleum production supplies only about 10 per cent of the country's requirements.

Coit Tower, on Telegraph Hill in San Francisco, is 2190 feet high.

Most of the crude salt produced in California is more than 99 per cent pure.

The San Francisco municipally owned Opera House was the birthplace of the United Nations in 1945.

HIGH SCHOOL GETS SET FOR OPENER IN CONFERENCE

The Tahoe Truckee Wolverines are preparing for their conference opener against the Manogue Miners on Saturday, January 15 at Truckee. The J.V.'s will play at 7 p.m. in the prelim.

The Downieville game scheduled for Friday, January 14, has been cancelled because of conflicting schedules.

The Varsity, under Head Coach Con Briner, seems to have found a good working combination with plenty of hustle in the following starting lineup: Center, Jay Stuart, senior. Forwards: Doug Wilson, sophomore, and Clayton Spining, junior. Guards: Roger Holbrook, junior, and Jack Van Hooser, senior. This combination looked good against the Reno Ramblers last Saturday and should be ready for the conference opener Saturday night.

The Junior Varsity, under Coach Jim Brehler, has a season record of two wins, two losses to date. They gave the Reno J.V.'s a good game with the final score at 35-49. The starting five for Saturday night will be the same as in previous games, with Center Ken Vaughan, freshman; forwards, Ken Osburn, freshman and Jim Allen, junior. Guards: Floyd Cooper, freshman, and Bob Trask, sophomore. This is the best looking J.V. club in the history of the school with plenty of speed and shooting ability.

TOO LATE TO CLASSIFY

FOR RENT: Finished cabins, \$45 per month. Inquire Cottage Hotel or phone 343.

FOR SALE: Pair of men's 6 ft. 6 inch skis and size 8 boots. Phone 18-Y-14.

THREE ACCIDENTS ARE INVESTIGATED

Officers of the California Highway Patrol investigated three minor accidents during the past week in this area.

Only one injury was reported. Velma Atkins of Yuba City suffered minor hurts when cars driven by William Miller, Yuba City and George Hall, Sacramento, collided near Donner Summit. Miller was cited for driving without due caution by Patrolman Charles Sovey.

In two accidents on the Squaw Valley road Saturday, four cars were wrecked but the occupants were not hurt. Betty Vail, Reno, was cited for speeding and being on the wrong side of the road when her car collided with one driven by Bertel Hoover of Ukiah.

Robert Hill, Fresno, was given a ticket for going too fast and being on wrong side following a collision with a car operated by Milo Susmlich of San Francisco. Patrolman T. F. Sheehan investigated both later mishaps.

ous games, with Center Ken Vaughan, freshman; forwards, Ken Osburn, freshman and Jim Allen, junior. Guards: Floyd Cooper, freshman, and Bob Trask, sophomore. This is the best looking J.V. club in the history of the school with plenty of speed and shooting ability.

On Team—
Bob Tonini, son of Mr. and Mrs. Elden Tonini was one of an eight-man ski team in the events at Sugar Bowl during the weekend, representing Sierra College at Auburn.

Local Man Ill—
Harry Eaton, Sr., is a Tahoe Truckee Hospital patient, reported to be improving this week.

NATIONAL FOREST TIMBER FOR SALE

Sealed bids will be received by the Forest Supervisor, United States Forest Service, Nevada City, California, up to and including 2:00 p. m., February 21, 1955, for all the live or recently killed (sound sapwood) timber marked or designated for cutting, located on an area embracing about 80 acres within Section 12, T 19 N, R 14 E, and Section 5, T 19 N, R 15 E, MDM, Tahoe National Forest, California, estimated to be 400 M feet b. m., more or less of ponderosa pine, white fir and red fir. The appraised value of this timber according to long term normal market and operating conditions is \$17.50 per M feet b. m. for ponderosa pine and \$3.00 per M feet b. m. for white fir and red fir. No bid will be considered which is less than these rates as a base rate applicable to the entire period of the sale agreement, plus an additional amount of at least \$17.50 per M feet b. m. for ponderosa pine and \$3.90 per M feet b. m. for red and white fir, which additional amounts shall be subject to quarterly sliding scale adjustment upward or downward by 0.4 of the difference between the base index determined as set forth below and the average of the Western Pine Association lumber price indexes as calculated by the Forest Service at the end of each quarter. Such adjustment in the additional amounts for stumpage shall be applicable to timber cut and scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the adjusted stumpage rates be less than the basic appraised rates first stated above. The base index for this sale is the arithmetic average of the Western Pine Association lumber price indexes for the months of October, November, and December, 1951. In addition, the purchaser will be required to make deposits to cover the cost of hazard reduction work on this sale area at the rate of \$0.15 per M feet b. m. for all merchantable live or recently killed (sound sapwood) material scaled. In addition there is an unestimated merchantable volume of older dead (unsound sapwood) timber on the above described area, the removal of which will be required at the following rates: \$17.00 per M feet b. m. for ponderosa pine and \$3.00 per M feet b. m. for white fir and red fir. These rates will not be subject to quarterly calendar adjustment. \$500.00 must accompany each bid to be applied to the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted, full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the Forest Supervisor, Nevada City, California, or the District Ranger, Sierraville, California.

Three types of rays—alpha, beta and gamma—are used for radioactivity surveys.

FEW CHANGES IN FISH, GAME LAW BEING CONSIDERED

A few major changes in the seasons and bag limits were discussed at the meeting of the state fish and game commission in Los Angeles Monday.

One of the principal local issues concerned the proposed all-year fishing at Lake Tahoe to conform with a similar regulation recently passed by the Nevada board. The rule would provide a limit of five fish per day.

It was proposed to open the northern California trout season on the Saturday nearest May 1, and the late opening to May 28, under the department recommendation, all of Humboldt county would open for trout on May 28.

It was not immediately announced whether this latter change would effect the opening of lakes and streams in this area on a uniform date as suggested by the Truckee Outdoor Sportsmen.

The latter organization has asked that the date for trout fishing here be changed to May 15 to meet a similar date recommended for Nevada.

Final determination of the proposals will be made when the commission meets at San Francisco February 25.

Return Here—
Mr. and Mrs. Walter Bigelow who recently moved from Colorado to Reno are now living here.

BASKETBALL RESULTS

Continued from Page 1

Donner Club.
Thursday night, the 20-30 Club opened league play with a decisive 45 to 29 win over the Tel-Cos. Al Schell was high for the winners with 12 points, while Dale Freeland took game scoring honors, making 26 of the 29 points scored by the Tel-Cos.

In the nightcap, the Donner Club won their opening game by downing the St. Louis Cafe 45 to 33. Andy Garcia and Ray Dixon shared high point honors for the Donner with 11 points a piece. Joe Copeland was high for the losers with 14.

Last Monday night, the American Legion team edged the Lions Club 45 to 41 in the closest game so far this season. Al Wakefield. The second game saw the 20-30 Club take over first place in city league play by downing the St. Louis Cafe 58 to 43. Ken Gordon scored 16 for the winners, while Joe Copeland was again high for the Legion team with 18 points, while Con Briner and Jim Brehler were high for the Lions, scoring 20 and 19 points respectively, the losers with 14.

Complete Registration Of Vehicle Service Ends Here Saturday

The complete vehicle registration renewal service for 1955 currently available at the Truckee office of the department of motor vehicles, will be continued only through Saturday morning, January 15, 1955, according to Paul Mason, state director of motor vehicles.

Thereafter, the director announced, through the remainder of the annual renewal period ending at close of business on Friday, February 4, the Truckee office will be authorized to accept applications for renewal of auto, truck and

trailer registration only when fees are submitted with potential registration cards for 1955—the pre-punched statements of fees due which were mailed from Sacramento recently.

Persons who do not receive such statements, or who must record a transfer of ownership or other transaction at the time of registration, should submit their fees and applications by mail or at a permanent office of the department before February 4, the deadline date after which penalties become effective.

Mason advised that renewal without a prepared statement may be applied for by submitting fees with the 1954 white registration

slip. After Saturday, January 15, however, the Truckee office will not be able to accept this type of application. Glenn Freeman, the department's Truckee representative, has been assigned duties elsewhere until February 7 and 8, when regular two-day service, Mondays and Tuesdays, will be resumed in Truckee.

CARD OF THANKS

I take this means to express my sincere appreciation for all the kind acts and thoughts expressed during my recent bereavement. To Rev. Wesley Osman I owe a debt of gratitude for his visits and comforting words.

Tarzan

by EDGAR RICE BURROUGHS

THE APE-MAN TRAVELED A BARREN LAND TO THE HOME OF LITO, THE PIGMY -- LITO, WHO TOLD STRANGE TALES OF A NIGHT MONSTER...

"SEVERAL MOONS AGO," THE PIGMY, LITO, TOLD TARZAN, "THIS BEAST INVADED OUR VALLEY. NOTHING COULD WITHSTAND ITS POWER, AND ALL THE ANIMALS WERE DRIVEN AWAY--"

"THUS, TO KEEP FROM STARVING, IT HAS BEEN FORCED TO RAID OUR HOMES. WE NEVER KNOW WHEN, OR EVEN WHAT IT LOOKS LIKE--"

"ONLY GOGU HAS SEEN IT AND LIVED, BUT HIS SPEECH IS PARALYZED FROM FEAR, AND THERE ARE DEMONS IN HIS HEAD--"

"I WOULD STAY," SAID TARZAN SOFTLY. "PERHAPS YOUR ENEMY CAN BE STOPPED." LITO SHRUGGED. "STAY THEN, BUT YOU ASK ONLY FOR DEATH..."

of the blue rays)

A stylized illustration of a landscape. A winding path leads from the foreground towards a small tower or church in the distance. A fence runs along the left side of the path. A large, dark tree stands on the right. The background features rolling hills under a pale sky. The style is reminiscent of early 20th-century book illustrations.

HE WAS INTERESTED
